Male Sexual Abuse and Trauma Training

Peter Jones

These unique resources take a building-block approach to the training and development of professional and non-professionals in the engagement, management and treatment of males who have suffered some form of sexual abuse and trauma. The three parts of the package provide an opportunity to develop and deepen insight into the issues surrounding abuse and trauma.

Male Sexual Abuse: The Manual

The training manual aims to increase participants' knowledge base and provide an opportunity to acquire relevant skills in the engagement, management and treatment of males who have suffered abuse or trauma. It provides a useful framework to develop further insight and understanding of the issues in relation to abuse and trauma. Its primary aim is the application as well as the acquisition of therapeutic skills. This manual seeks to empower professionals in the engagement, management and treatment of victims of sexual violence and trauma. It takes a holistic approach in terms of seeing the victim in the context of their environment.

The manual is divided into seven sessions and each session contains details of the accompanying experiential exercises.

Session I: Introduction to the training

Session 2: Gender perceptions and gender stereotyping

Session 3: Trauma, abuse and associated mental health issues

Session 4: The role of the therapeutic relationship in the engagement of victims

ISBN: 978 | 84|96 283 2

Session 5: Regime change

Session 6: Case studies

Session 7: Summation of training – next steps

Format: wirobound (approx 150pp)

Male Sexual Abuse: DVD

The DVD exposes its viewers to the issues and challenges faced by male victims of abuse and trauma. It is a 20-minute role-play entitled a Victim's story and can be shown to staff, prisoners and patients. Its primary aim is to raise the awareness of staff, prisoners and patients and develop an element of sensitivity to the issues. Its primary outcome is to facilitate the safe management of disclosures and enable staff to make appropriate and timely referrals. Accompanying training notes aid discussion of the issues.
